PRESS RELEASE

It gives us great pleasure to announce that in Toronto, Canada and at the Wyndham Hotel, SAE - Region of Canada is organizing the Youth Network Inaugural Conference on May 16-18, 2008.

Our aim is to invite and reunite young people from across Canada in order to meet and discuss issues of interest to them. By doing so they will have the unique opportunity to exchange ideas and experiences as well as to form a collective body with consultative, advisory, assertive and supportive role to the SAE Coordinating Council of the Region of Canada (Youth Network) that will express the views of the new generation and help address the needs of young Greek Canadians today.

Seventy five (75) delegates will be invited from across Canada based on the regional per capita percentages of Greek Canadians.

We trust that the creation of this Youth Network will become the stepping stone to a new, dynamic and effective presence and participation of our youth in community work.

Both delegates and honorary invitees will have a full schedule of proceedings, informative sessions and events. The Conference Program will be available in the next few days.

From the Office of Coordinator - Region of Canada
